Creating service credentials

You can find the credentials for any service that is associated with your account.

Objectives

- Locate your service credentials in IBM Cloud.
- Understand your service credentials.

Prerequisites

- Create a service instance in the IBM Cloud dashboard by following the

   Getting started with IBMCloudant tutorial.

Step 1: How to find your service credentials

1. Go to IBM Cloud and log in.
2. Find the service instance called `Cloudant-o7` and open it.
   This instance is the one you created as a prerequisite.
